contract or otherwise, which any "manufacturer" (for the purposes of the U.K. MiFIR Product Governance Requirements) may otherwise have with respect thereto, the shares have been subject to a product approval process, which has determined that the shares are: (i) compatible with an end target market of retail clients as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA, professional clients as defined in U.K. MiFIR, and eligible counterparties as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS"); and (ii) eligible for distribution through all distribution channels as are permitted by U.K. MiFIR (the "U.K. Target Market Assessment"). Notwithstanding the U.K. Target Market Assessment, distributors should note that: the price of the shares may decline and investors could lose all or part of their investment; the shares offer no guaranteed income and no capital protection; and an investment in the shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The U.K. Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offering. Furthermore, it is noted that, notwithstanding the U.K. Target Market Assessment, the Managers will only procure investors who meet the criteria of professional clients and eligible counterparties in the United Kingdom.

Notwithstanding the Target Market Assessment, distributors should note that: the price of the securities may decline and investors could lose all or part of their investment; the securities offer no guaranteed income and no capital protection; and an investment in the securities is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the offering. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the underwriters will only procure investors who meet the criteria of professional clients or eligible counterparties.

For the avoidance of doubt, the U.K. Target Market Assessment and the Target Market Assessment do not constitute: (a) an assessment of suitability or appropriateness for the purposes of U.K. MiFIR or MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to, the securities.

Each distributor is responsible for undertaking its own target market assessment in respect of the securities and determining appropriate distribution channels.
