

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

PROPOSAL BY THE BOARD OF DIRECTORS FOR RESOLUTIONS AT THE ANNUAL GENERAL MEETING ON 7 APRIL 2022

9b. Resolution with respect to disposition of the Company's result according to the adopted Balance Sheet

The Board of Directors proposes that no dividend be paid for the financial year 2021 and that the Company's available funds be capitalized in a new account.

16. Resolution regarding incentive program ("LTI II 2022")

Background and reasons

The Company has previously implemented a long term incentive program, LTI 2021. In view of this, the Board of Directors proposes that the Annual General Meeting resolves to implement a long term incentive program for the members of the group management, key employees, other employees and consultants in the Company and within the group ("LTI II 2022"). The proposal to implement an incentive program has been put forward as the Board of Directors determines that it is important and in the interest of all shareholders to create even greater participation for current and future members of the group management, key employees and other employees and consultants in the Company and the group with regard to the group's development. It is also important to encourage continued employment.

In the light of the above, the Board of Directors proposes that the Annual General Meeting resolves to implement the incentive program LTI II 2022 in accordance with item (a)–(b) below. The resolutions under item (a)–(b) below are proposed to be conditional upon each other and for that reason it is proposed that all resolutions are to be passed as one resolution. LTI II 2022 is proposed to include up to approximately 600 current and future members of the group management, key employees, other employees and consultants within the Olink group.

Proposal regarding the adoption of LTI II 2022 (item 16 (a))

LTI II 2022 comprise of stock options and restricted stock units ("RSU") which will be granted to current and future members of the group management, key employees, employees and consultants within the Olink group pursuant to the Olink Holding AB (publ) Amended and Restated 2021 Incentive Award Plan (the "**Plan**") and an award agreement thereunder to be entered into between the Company and each recipient evidencing each such grant.

The Board of Directors proposes that the general meeting resolves to issue not more than 797,514 warrants of series II 2022 in order to secure delivery of either shares, warrants of series II 2022 or American depository shares in the Company ("**ADS**") upon exercise of stock options or RSUs to participants in LTI II 2022. The right to subscribe for the warrants of Series II 2022 shall vest in the Company. The Company shall keep warrants of Series II 2022 to ensure delivery of shares, warrants of series II 2022 or ADS upon exercise of stock options in LTI II 2022. Each warrant of series II 2022 entitles the holder to subscribe for one (1) share in the Company. The warrants of series II 2022 shall be issued without consideration to the Company.

Below is a description of the terms and conditions for the LTI II 2022 including a summary of the material terms of the Plan.

LTI II 2022 – Stock options (with warrants as hedging arrangement)

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

Each stock option entitles the participant to acquire either one (1) share in the Company, one (1) warrant of series II 2022 or one (1) ADS in accordance with the following terms and conditions:

- Stock options may be granted to current and future members of the group management, key employees, other employees and consultants within the Olink group;
- The stock options of LTI II 2022 will be granted without consideration no later than the day before the next Annual General Meeting;
- Each stock option entitles the holder to acquire either (i) one (1) share, warrant of series II 2022 or ADS in the Company at an exercise price equal to 100 per cent to the fair market value of the share, as determined by the closing price of the Company's ADS on the Nasdaq Global Market on the relevant grant date or in the absence of any sale on such date the immediately preceding date on which a sale occurred;
- The stock options are subject to time based vesting requirements – on the date when a portion of the options would vest as a result of the passage of time with the participant remaining employed or engaged by the Olink group;
- The stock options will vest and become exercisable in equal installments on each of the first four anniversaries of the grant date provided the participant remain employed or engaged by the Olink group at the applicable vesting dates. The maximum vesting period, after which all granted stock options will have vested (if applicable), is four (4) years from the date of grant;
- The stock options may not be transferred or pledged;
- Upon vesting, unless the participants employment or engagement with the Olink group ends sooner, options remain exercisable for a period of five (5) years from the date of grant; and
- The terms and conditions for participants in LTI II 2022 granted stock options may differ between countries due to differences in local legislation, however the terms and conditions shall not be more favorable for participants than what is set out in this resolution proposal.

LTI II 2022 – Restricted stock units (with warrants as hedging arrangement)

Within the scope of LTI II 2022, the Company may also grant participants RSUs, entailing the right to, subject to certain conditions being met, receive either a share, warrant of series II 2022 or an ADS free of charge or to an exercise price equal to the quota value of the Company's share, at the time of exercise of the RSU.

- RSUs may be granted to current and future members of the group management, key employees, other employees and consultants within the Olink group;
- The RSUs will be granted without consideration no later than the day before the next Annual General Meeting;
- The RSUs granted will be subject to time based vesting requirements – on the date when a portion of the RSUs would vest as a result of the passage of time with the participant

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

remaining employed or engaged by the Olink group;

- The RSUs will vest and the holders of RSUs will receive a share, ADS or warrant of series LTI II 2022 in equal installments on each of the first four anniversaries of the grant date provided the participant remain employed or engaged by the Olink group at the applicable vesting dates. The maximum vesting period, after which all granted RSUs will have vested (if applicable), is four (4) years from the date of grant.
- The RSUs may not be transferred or pledged; and
- The terms and conditions for participants in LTI II 2022 granted RSUs may differ between countries due to differences in local legislation, however the terms and conditions shall not be more favorable for participants than what is set out in this resolution proposal.

The warrants issued to the Company in order to secure delivery of shares, warrants of series II 2022 or ADS upon exercise of stock options or RSUs granted to participants in LTI II 2022 may be exercised for subscription of shares during the period from and during the period commencing on the date of the registration of the issue resolution with the Swedish Companies Registration Office up to and including the date ten (10) years after the registration of the issue resolution with the Swedish Companies Registration Office, at an exercise price equal to the shares' quota value, at the time of exercise.

Allocation of stock options and RSUs, limitations in the disposition over the stock options and the RSUs and the right to receive stock options and RSUs

The participants' right to be granted stock options and RSUs have been differentiated with reference to position, responsibility and working performance in the group and the participants have for this reason been divided into four different categories:

Category A (Management) – Members of the group management;

Category B (Tier I) – Key employees;

Category C (Tier II) – Other employees and consultants; and

Category D (Tier III) – Other individual contributors

The right to receive stock options of LTI II 2022 shall vest in members of the group management, key employees, other employees and consultants employed or engaged by the Company or the group. The following allocation applies to the grant of stock options and RSUs within each category.

	Maximum number of stock options/RSUs for each participant	Total number of stock options/RSUs within the category
Category A – not more than 10 people	15,000/65,000	65,000/250,000
Category B – not more than 25 people	0/10,000	0/79,238

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

Category C – not more than 225 0/5,000 0/279,463
people

Category D – not more than 340 0/2,000 0/123,813
people

In total, a maximum of 732,514 RSUs and 65,000 stock options may be granted to participants.

In the event that all stock options or RSUs within category A, B or C are not transferred, such non-transferred stock options or RSUs may be offered to participants in another category with less stock options and/or RSUs available for allotment. The maximum number of stock options or RSUs per person within each category as set out above may however not be exceeded for any individual.

Summary of Material Terms of the Olink Holding AB (publ) Amended and Restated 2021 Incentive Award Plan

On 4 March 2022, the Board adopted, subject to the approval of the Company's shareholders, the Plan, which will become effective on the date of its approval by the Company's shareholders, which will occur upon approval by the Company's shareholders of LTI I 2022 and LTI II 2022 as described herein. The Plan constitutes an amendment and restatement of the Original Plan, which was adopted by the Board on March 16, 2021 and approved by the Company's shareholders on March 16, 2021, in connection with approval by the Company's shareholders of LTI 2021.

The Plan provides for a total of 1,680,303 shares available for grant thereunder, which represents an increase of the maximum number of shares available for grant under the Original Plan, 812,789 shares, by 867,514 shares to take into account the shares available for grant pursuant to LTI I 2022 and LTI II 2022 as described herein. In addition, the Plan provides for certain other administrative, clarifying, and conforming changes to the Original Plan.

The following is a summary of the material terms of the Plan and is not intended to be complete. However, a copy of the Plan may be found at <https://investors.olink.com/annual-general-meeting> and shareholders are advised to review the actual terms of the Plan.

How is the Plan administered?

The Plan is administered by the Board or a Compensation Committee to whom the Board has delegated its power and authority (the "**Committee**") the Board, together with the Committee, as applicable (the "**Administrator**"), which may consist of one or more non-employee directors of the Board or executive officers, to the extent permitted by applicable law. The Committee may delegate its administrative powers and duties to persons selected by it, and the Board of Directors may exercise the powers and duties of the Committee, subject to the limitations of applicable law and those of the Plan. The Administrator has discretionary authority to operate, manage and administer the Plan within the parameters set out by the General Meeting, including the power to:

- designate participants;
- determine the type or types of awards to be granted to each participant;
- determine the number of awards to be granted and the number of shares to which an award will relate;
- determine the terms and conditions of awards, including, but not limited to, the exercise price, grant price, purchase price, any performance criteria, any restrictions or limitations on the award, any schedule for vesting, lapse of forfeiture restrictions or restrictions on the exercisability of an award, and accelerations, waivers, or amendments to awards;

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

- determine whether, to what extent, and under what circumstances an award may be settled in, or the exercise price of an award may be paid in cash, shares, or other property or an award may be canceled, forfeited, or surrendered;
- establish sub-plans or procedures under the Plan or take any other necessary or appropriate action to address (i) laws, rules, regulations or customs of any foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters, (ii) listing and other requirements of any foreign securities exchange, and (iii) any necessary local governmental or regulatory exemptions or approvals; and
- make all other decisions and determinations that may be required pursuant to the Plan or as the Administrator deems necessary or advisable to administer the Plan.

The Administrator's decisions and actions concerning the Plan are final and conclusive. Within the limitations of the Plan and applicable law, the Administrator may delegate its responsibilities under the Plan to persons selected by it, and the Board is permitted to exercise all of the Administrator's powers under the Plan.

How many shares can be awarded under the Plan?

The maximum number of shares authorized for grant under the Plan is 1,680,303 shares, which represents an increase of the maximum number of shares available for grant under the Original Plan, 812,789 shares, by 867,514 shares to take into account the shares available for grant pursuant to LTI I 2022 and LTI II 2022 as described herein. As of the date of this notice, no shares underlying equity awards have been granted under the Original Plan and 812,789 shares remained available for issuance under the Original Plan.

The Administrator may adjust the aggregate number of Shares available under the Plan to reflect certain changes in the Company's capital structure. For purposes of the Plan, a "Share" means, as determined by the Administrator in its sole discretion: (i) a Common Share, or (ii) a number of American depositary instruments being either American Depositary Shares or American Depositary Receipts of the Company representing one Common Share.

Shares underlying awards that are forfeited, cancelled, terminated or expire unexercised would be available for future awards under the Plan. Any Shares that are subject to awards that may only be settled in cash (and any Shares that are subject to an award that is settled in cash in lieu of Shares) will not reduce the number of shares available for issuance under the Plan.

Any Shares withheld or tendered to pay the option price of an option or other purchase price of an award or withholding tax obligation with respect to a stock option will be available for grant pursuant to future awards, as permitted by applicable law. Shares withheld to satisfy withholding tax obligations with respect to an award will not reduce the number of Shares available for grant pursuant to future awards and will be added back to the shares available for future grants. Shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right on exercise will be available for future grants under the Plan. If the Company acquires or combines with another company, any awards that may be granted under the Plan in substitution or exchange for outstanding stock options or other awards of that other company will not reduce the shares available for issuance under the Plan.

What are the types of awards that may be granted under the Plan?

The Plan permits the granting of the following types of awards: (1) stock options that qualify as incentive stock options under the US Internal Revenue Code (the "Code"), (2) options other than

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

incentive stock options, which are referred to as non-qualified stock options, (3) stock appreciation rights, granted either alone or in tandem with other awards, (4) restricted stock units, (5) performance stock unit awards, (6) performance bonus awards, (7) other stock-based awards, (8) other cash-based awards and (9) dividend equivalents.

How are awards made under the Plan?

The Administrator makes all decisions about awards in accordance with the Plan within the parameters set out by the General Meeting, such as the eligible individuals to whom awards are made under the Plan and the sizes and types of awards. The size, type, vesting, forfeiture, exercisability, settlement and other terms and conditions of an award granted under the Plan will be set forth in individual award agreements entered into between the Company and each participant, subject to and consistent with the terms of the Plan.

Can the Plan be amended or terminated?

The Board may amend, alter, suspend or terminate the Plan at any time, with or without prior notice, retroactively or otherwise; provided that (i) no amendment requiring shareholder approval to comply with applicable law will be effective unless approved by the Board, and (ii) no amendment, other than an increase to the overall share limit, or adjustments in connection with certain corporate transactions or other events may materially and adversely affect any award outstanding without participant consent. Additionally, no Plan amendment may be made without the approval of the Company's shareholders to the extent such approval is required by any applicable law, tax rules, stock exchange rules or accounting rules.

The Administrator may amend, modify, or terminate the terms of any outstanding award, including by substituting another award of the same or a different type, changing the exercise or settlement date, and converting an incentive stock option to a nonqualified stock option. Participant consent to such action will be required unless (i) the action, taking into account any related action, does not materially and adversely affect the participant's rights under such award; or (ii) the change is permitted under the terms of the Plan in connection with certain corporate transactions or other events, or necessary to comply with Section 409A of the Code. Additionally, the Administrator has the authority, without the approval of the shareholders of the Company, to (a) amend any outstanding stock option or stock appreciation right to reduce its exercise price per Share, or (b) cancel any stock option or stock appreciation right in exchange for cash or another award.

Proposal regarding issue of warrants of series II 2022 (item 16 (b))

The Board of Directors proposes that the Company shall issue not more than 797,514 warrants of series II 2022 for subscription of shares, whereby the Company's share capital may be increased by not more than SEK 1,939,479.58 at full exercise of warrants for subscription of shares, corresponding to approximately 0.67 per cent of the total number of shares and votes in the Company.

The right to subscribe for the warrants of series II 2022 shall, with deviation from the shareholders' preferential rights, only belong to the Company, with the right and obligation to dispose of the warrants of series II 2022 as described above. The subscription for warrants shall be made up to and including 5 May 2022. Each warrant of series II 2022 entitles the holder to subscribe for one (1) share in the Company. The warrants of series II 2022 shall be issued without compensation to the Company.

The warrants may be exercised for subscription of shares during the period from and during the period commencing on the date of the registration of the issue resolution with the Swedish Companies Registration Office up to and including the date ten (10) years after the registration of the

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

issue resolution with the Swedish Companies Registration Office, at an exercise price equal to the shares' quota value, at the time of exercise.

In order to fulfil the commitments arising from LTI II 2022, the Board of Directors proposes that the general meeting authorizes that the Company may assign to a third party or in another way dispose of the warrants of series II 2022 in accordance with above.

A detailed resolution proposal for the issue of warrants of series II 2022, including complete terms and conditions for the warrants, is set out in Appendix A (including its sub-appendix).

Recalculation due to split, consolidation, new share issue etc.

The exercise price for warrants in LTI II 2022, determined as set out above, shall be rounded to the nearest SEK 0.10 whereby SEK 0.05 shall be rounded upwards. The exercise price and/or the number of shares that each warrant entitles to subscription for may be recalculated in the event of a split or reverse split of shares in accordance with customary re-calculation terms

Costs

The stock options are expected to incur accounting costs (accounted for in accordance with the accounting standard IFRS 2) as well as social security costs during the term of the stock options. According to IFRS 2, the stock option costs shall be recorded as a personnel expense in the income statement during the vesting period. The total costs for 65,000 stock options, calculated in accordance with IFRS 2, are estimated to amount to approximately SEK 4.2 million during the term of the program (excluding social security costs). The estimated costs have been calculated based on, inter alia, the following assumptions: (i) a market price of the Company's share/ADS of USD 16.12, equivalent to SEK 149.90, at the time of grant, based on a USD-SEK exchange rate of 9.2995, (ii) an estimated future volatility in respect of the Company's share/ADS during the term of the stock options of 50 per cent, (iii) that the maximum number of stock options encompassed by this resolution proposal are granted to participants and (iv) that all granted stock options will vest and be exercised. Social security costs, which are expected to arise primarily in connection to the exercise of stock options, are estimated to amount to approximately SEK 2.0 million during the term of the program, based on inter alia the assumptions set out under items (i)–(iv) above as well as an average social security rate of 20 per cent and an annual increase in the market price of the Company's share/ADS of 15 per cent during the vesting period.

The RSUs are expected to incur accounting costs (accounted for in accordance with the accounting standard IFRS 2) as well as social security costs during the term of the RSUs. According to IFRS 2, the RSUs costs shall be recorded as a personnel expense in the income statement during the vesting period. The total costs for 732,514 RSUs, calculated in accordance with IFRS 2, are estimated to amount to approximately SEK 109.8 million during the term of the program (excluding social security costs). The estimated costs have been calculated based on, inter alia, the following assumptions: (i) a market price of the Company's share/ADS of USD 16.12, equivalent to SEK 149.90, at the time of grant, based on a USD-SEK exchange rate of 9.2995, (ii) an estimated future volatility in respect of the Company's share/ADS during the term of the RSUs of 50 per cent, (iii) that the maximum number of RSUs encompassed by this resolution proposal are granted to participants, (iv) that all granted RSUs will vest and (v) that holders of RSUs receive a share, ADS or warrant of series LTI II 2022. Social security costs, which are expected to arise primarily in connection to holders of RSUs receive a share, ADS or warrant of series LTI II 2022, are estimated to amount to approximately SEK 44.2 million during the term of the program, based on inter alia the assumptions set out under items (i)–(v) above as well as an average social security rate of 20 per cent and an annual increase in the market price of the Company's share/ADS of 15 per cent during the vesting period.

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

Other costs related to the LTI II 2022, including inter alia expenses related to fees to external advisors, external appraiser and administration of the incentive program, are estimated to amount to approximately SEK 1.5 million during the term of the program.

Based on the assumptions set out above, the total costs of the LTI II 2022 are estimated to amount to approximately SEK 161.7 million in total during the term of the program. These costs shall be seen in relation to the total employee benefits expenses of the Olink group, which during the financial year 2021 amounted to SEK 356 million.

Motivation in respect of vesting and exercise conditions

According to recommendations laid down by the Swedish Corporate Governance Board (Sw. *Kollegiet för svensk bolagsstyrning*), the vesting period, or the period between the date of grant until the date when a warrant or stock option may be exercised, shall as a general rule not be shorter than three (3) years. As set out further above, stock options will vest and become exercisable in equal installments on each of the first four anniversaries of the grant date and RSUs will vest and holders of RSUs will receive a share, ADS or warrant in equal installments on each of the first four anniversaries of the grant date (provided that all applicable vesting conditions have then been fulfilled). The reason for applying such terms, which are not in line with the recommendations of the Swedish Corporate Governance Board as set out above, is that the Board of Directors of the Company deem such terms to be in line with market practice for stock option programs in most of the countries where the intended participants in the LTI II 2022 are operative. It is therefore, in the opinion of the Board of Directors of the Company, in the best interest of the Company and its shareholders to apply such terms in order to fulfil the objectives of the LTI II 2022.

Dilution

Upon exercise of all warrants of series II 2022 issued within the frame of LTI II 2022 for subscription of shares, up to 797,514 shares (with reservation for any re-calculation) may be issued, equivalent to a maximum dilution of approximately 1.63 per cent of the shares and votes of the Company. Upon full exercise of warrants of series II 2022 for subscription of shares, the Company's share capital will increase with SEK 1,939,479.58. The dilution calculations have been based on the maximum number of shares and votes which may be issued upon exercise of the stock options and RSUs, divided by the total number of shares and votes in the Company after such issues.

Preparation of the proposal

The proposal to the incentive program LTI II 2022 has been prepared by the Remuneration Committee and the Board of Directors together with external advisers. The Company's board member and CEO Jon Heimer has not participated in the preparations of LTI II 2022.

The reason for the deviation from the shareholders' preferential rights

The reason for the deviation from the shareholders' preferential rights is to implement an incentive program for the members of the group management, key employees, other employees and consultants in the Company and the group.

Majority requirement

A resolution to approve the present proposal is valid only where supported by shareholders holding not less than nine-tenths (9/10) of both the shares voted for and of the shares represented at the general meeting.

This is a translation of the Swedish original. In case of any discrepancies between this translation and the Swedish original, the latter shall prevail.

Authorization

It is further proposed that the Board of Directors, or a person appointed by the Board of Directors, is authorized to undertake such minor adjustments in the decision that may be required for the registration with the Swedish Companies Registration Office and Euroclear Sweden AB and that the Board of Directors shall have the right to undertake minor adjustments to the LTI II 2022 and the Plan due to applicable foreign rules and laws.

Outstanding incentive programs

The Company does have the following outstanding share-related incentive programs.

LTI 2021. A general meeting held on 16 March 2021 approved the majority shareholders' proposal regarding an incentive program for board members, members of the group management, key employees, other employees and consultants in the Company and within the group and resolution of issue of not more than 1,085,900 warrants and resolution of approving transfer of warrants. In total, 1,085,900 warrants were subscribed by the Company and 442,789 stock options and 370,000 RSUs have been acquired by or granted to participants. No more stock options or RSUs will be offered out of LTI 2021. The exercise price was set to USD 20 per share. Upon exercise of all stock options and RSUs which have been granted to participants and which have, as of the date of this resolution proposal, not yet been exercised, a maximum of 812,789 shares will be issued in the Company, equivalent to a dilution of approximately 1.66 per cent.

17. Resolution regarding authorization for the Board of Directors to resolve on a new issue

The Board of Directors proposes that the Annual General Meeting resolves to authorize the Board of Directors to, at one or several occasions and for the period up until the next Annual General Meeting, increase the Company's share capital by issuing new shares. Such share issue resolution may be carried out with or without deviation from the shareholders' preferential rights and with or without provisions for contribution in kind, set-off or other conditions. The authorization may only be utilized to the extent that it corresponds to a dilution of not more than 20 per cent of the total number of shares based on the number of shares outstanding at the time of the general meeting's resolution on the proposed authorization.

The purpose of the authorization is to increase the financial flexibility of the Company and the general flexibility of the Board of Directors. Should the Board of Directors resolve on an issue with deviation from the shareholders' preferential rights, the reason for this shall be to provide the Company with working capital and/or new owners of strategic importance to the Company and/or to procure capital to finance acquisitions of other companies or operations and/or to procure capital to finance the development of projects and/or to commercialize the Company's products. Upon such deviation from the shareholders' preferential rights, the new issue shall be made at market terms and conditions.

The Board of Directors, the CEO or the person that the Board appoints, shall have the right to make any adjustments in the decision required for registration.

The resolution proposed by the Board of Directors in accordance with item 17 must be approved by shareholders representing not less than two thirds of the votes cast and shares represented at the Annual General Meeting.

Appendix A

LTI II 2022 – ISSUE OF WARRANTS OF SERIES II 2022

The board of directors proposes an issue of not more than 797,514 warrants.

1. The right to subscribe for the warrants shall, with deviation from the shareholders' preferential rights, only vest in the Olink Holding AB (publ).
2. The warrants will be issued without consideration (Sw. *vederlagsfritt*).
3. The subscription for warrants shall be made up to and including 5 May 2022.
4. Upon exercise of all warrants in series II 2022 for subscription of shares, up to 797,514 shares (with reservation for any re- calculation) may be issued. Upon full exercise of the warrants in series II 2022 for subscription of shares, the Company's share capital will increase with a maximum of SEK 1,939,479.58.
5. Any share premium shall be transferred to the share premium fund
6. The warrants of series II 2022 shall in all other respects be governed by the terms and conditions set forth in Appendix A.1.

The reason for the deviation from shareholders' preferential right is to implement an incentive program for current and future members of the group management, key employees, other employees and consultants in the Company and the group.

It is furthermore proposed that the board of directors, or a person appointed by the board of directors, is authorized to undertake such minor adjustments in the resolution that may be required for the registration with the Swedish Companies Registration Office and Euroclear Sweden AB.
